Manager Jody Norman gave a brief administrative update:

The crew has dialed back on MDOT and most of the work is back on our system. At District 1, hauling on CR 529 will be starting tomorrow, 10/13/21. On Monday (10/18/21) work on Woodlawn will begin lasting about about a week. Jody stated insurance will cover \$10,000 of the pump replacement needed to repair the failed one from over the summer. The shop is having a hard time getting the parts they need. Our fabricator stated, if he can have a burn table, he can start making our own parts. The Dodge trucks ordered over a year ago still have not been delivered. Jody made a phone call and was told it would be another 18 weeks. Jody will also be needing a new truck so his current one can be passed down & another can be added to the fleet. The Wells Garage should be out of DCRC hands by end of November. Jody made a proposal regarding extra MERS payments to the Road Commission's under funded liability vs. going to employees who are currently on a B-1 plan. This will be discussed more as more information can be provided to the commissioners. Regarding public attendance, it was decided that no more than 8 people from the public shall be present at a time during meetings to continue practice social distancing.

It was moved by Commissioner Stempki, seconded by Commissioner Asselin to approve Bills Payable Voucher No. 2583 in the amount of \$152,136.22 and Payroll Voucher 69142 in the amount of \$82,888.66 as presented and reviewed.
