Site Drawing

New Driveways Only: require a driveway permit from the Delta County Road Commission; and may need a Soil Erosion Evaluation.

Include the following in site drawing below: location of your driveway, existing structure(s) and new structure(s); distance from your driveway, along the road, to your property lines; nearest existing address on left, right and across the street from property; the nearest cross street/road. Attach a survey if available.

Placement of Address Signs: It is the sole responsibility of the property owner for all signage display. All signs shall be visible from the roadway and unobstructed from view. Signs shall be placed 5-10 feet in from the base of the roadway at a height of 4-6 feet. Address signs must be placed to the RIGHT of the driveway to maintain consistency and clarity for First Responders.
